## ABOUT THE BRAND

Inner Expressions creates custom, handmade jewelry to represent important milestones in people's lives and that reflect the uniqueness of the person who wears it. Whether you want something classic or modern, whether you know exactly what you want or only have a romantic notion, we can make your vision a reality. Additionally, this full-service jewelry company offers everything from simple repairs to redesigns, bridal diamond services and appraisals, gifts for anniversaries, graduations, birthdays, and births, and so much more.

*If you can dream it, we can make it a reality.*

## ABOUT THE FOUNDER

Carol Offman, the creative powerhouse behind Inner Expressions, is a third-generation jewelry genius with over 28 years of industry experience. Her love for jewelry began as a child, when she would visit her father and grandfather, who were both hand engravers in the NYC Diamond District. She was immediately drawn to the artistry and patience involved in the craft of jewelry making.

She has been designing and manufacturing colored gemstone and diamond jewelry for over 28 years, combining her years of experience with an eye for trends. As a mom and a female entrepreneur, Carol is committed to helping women express themselves and their individual style.
